NOTE 1: If the shipper wishes to avoid these additional charges, he must agree that if any articles are lost or damaged, the carrier's liability will not exceed 30 cents per pound for the actual weight for any lost or damaged article(s) in the shipment.

NOTE 2: Refer to individual carrier pages for any exceptions to this Item.

Applicable minimum provisions named in this tariff concerning time, weight or mileage may be assessed only when carrier, prior to transporting the shipment, has notified the shipper in writing as to the application of such minimum provisions.

ITEM 8 SHORT HAUL ("LOCAL") INVENTORY

When requested by shipper, carrier will prepare an inventory for a short haul shipment, subject to the following: CW

▲ **NOTE 1 - PAYMENT** The carrier will not deliver or relinquish possession of any property transported by it until all applicable rates and charges thereon have been paid in cash, money order or certified check, except where other arrangements have been made in accordance with the rules and regulations of the Commission. Rates and charges are stated in lawful money of the United States of America. Payment of all charges must be made in funds of the United States of America. When applicable rates and charges are not paid within 30 calendar days of submission of the bill by carrier, a carrying charge of 1.5% per month or fraction thereof on the unpaid balance shall be applied. ▲ Any subsequent debts incurred by the carrier for unpaid bills which are litigated or placed for collection with a collection agency, an attorney, or other authorized agent will also be assessed.

NOTE 2 - CREDIT CARDS When use of a credit card is requested by the party responsible for payment of charges, a fee not to exceed the carrier's cost of acceptance provided by the credit card processor may be added to the moving charges. **Notation of the amount to be added to the moving charges will be made on the carrier's estimate, freight bill, and bill of lading.** Carrier will support the basis for this amount with an applicable document from the credit card issuer. **A separate document verifying the agreement to pay this added fee will be signed and dated by both the carrier and the party responsible for payment.** If the party responsible for payment does not wish to pay the added fee for use of a credit card, then payment for moving charges must be made in cash, cashier's check, or money order, or other form of payment agreed to by the carrier in writing in advance of the move. **To avoid discrimination in pricing, as required by law, if carrier elects to charge a fee for use of a credit card, all its customers must be billed accordingly.**

If carrier deviates from its original determination (original written estimate) of men and equipment needs, the shipper shall not be charged for any excess in charges resulting therefrom unless the shipper is informed and agrees thereto in writing. ITEM 77 BULKY ARTICLES AND WEIGHT ADDITIVES (CONTINUED NEXT PAGE)

WEIGHT ADDITIVES: When shipment includes bulky articles as named below, the transportation charges will be based on the net scale weight of the shipment, plus a weight additive calculated in accordance with the table below:

ARTICLE DESCRIPTION	Lbs per Linear Ft
AIRPLANE, ULTRALIGHT, GLIDER (<i>except hang glider</i>)	120
CANOE, SKIFF, LIGHT ROWBOAT and KAYAK <i>14 feet and over in length</i>	40
BOAT <i>14 feet and over in length</i>	115
BOAT TRAILER, any length	75
SAILBOAT <i>14 feet and over in length</i>	125
TRAILER, POP-UP, <i>9 feet and over in length</i>	150
TRAVEL CAMPER TRAILER, MINI-MOBILE HOME, HORSE TRAILER (<i>other than utility and pop-up trailer</i>)	300

NOTE 1: This weight additive will NOT apply to boats, canoes, skiffs, light rowboats, kayaks or sailboats of less than 14 feet in length, nor on dinghies or sculls of any size.

NOTE 2: When shipment contains two or more articles subject to the weight additive, the total weight additives for that shipment will be the sum of the individual additives for each bulky article calculated separately.

NOTE 3: In determining length for a bulky article listed above, all fractions of a foot will be disregarded.

NOTE 4: The length of boats, canoes, skiffs, light rowboats, kayaks or sailboats shall be determined by the straight center line distance between the top center point of the transom and a point perpendicular with the foremost part of the bow. Manufacturer's "length overall" or "center line length" shall apply as the correct length in lieu of physical measurement by carrier. CW

NOTE 5: The length of boat trailers shall be the straight center line distance from a point equal to the rearmost part of the trailer to foremost part of the trailer tongue. Manufacturer's "length overall" shall apply as the correct length in lieu of physical measurement by carrier. CW

NOTE 6: To determine the cubic feet of an article, measure the greatest height, width and depth. Fractions of a foot will be disposed of as follows: 6 inches or more will be increased to one foot. Less than 6 inches will be dropped. Example: Article's greatest measurements are 9 feet 2 inches by 3 feet 6 inches by 5 feet 9 inches. Multiply 9 feet times 4 feet, times 6 feet = 216 cubic feet.

NOTE 7: The charges provided for in this Item will NOT apply when shipper orders Exclusive Use of Vehicle under Rule 5-c of IMTBI Tariff 14-G (see Item 1 herein).

ITEM 78 ELEVATOR, STAIR AND LONG CARRY

(CONTINUED NEXT PAGE)

NOTE 1: Elevator and Inside Stair Carry charges will not apply when pick-up or delivery is within a single family dwelling.

NOTE 2: When rates are stated per 100 pounds, charges will be based on actual weight of the shipment (i.e., NO weight additive weight), except as follows:

CW

a) When **portions** of the shipment are picked up or delivered at more than one place, or picked up or delivered at other than ground floor, applicable charges will be based on the actual weight of the shipment portion (refer to IMTBI Tariff 14-G, see Item 1 herein)

CW

b) When an **automobile** is included in a shipment with other personal effects, the weight of the automobile will be deducted when determining applicable charges for this Item.

NOTE 3: When two or more elevators providing parallel service are used, charges will apply per shipment, NOT per elevator.

NOTE 4: Where an elevator is used and shipment must then be transferred to a second elevator or carried one or more flights, charges will be made once for the first elevator and again for each additional elevator or stair carry service.

NOTE 5: When stairs and elevator are both available, charge will be based on the method that results in the lower cost to the shipper.

NOTE 6: Inside a building, the first flight shall consist of at least 8 steps. Additional flights shall be defined as the number of complete floors above or below the first flight.

CW

NOTE 7: Outside a building, the following shall constitute outside stair flights:

a) 8 to 16 steps - 1 flight;

b) Each additional flight shall consist of 16 steps or fraction thereof.

NOTE 8: **DEFINITION:** A **Long Carry** means each carry of 50 feet or fraction thereof beyond the first carry of 75 feet from or to the carrier's vehicle and:

CW

a) the outside entrance door of a single family dwelling or business establishment when the entire contents of the building are being removed or delivered, *OR*

b) the inside entrance door of an individual's apartment, multiple dwelling or office within a building, *OR*

c) pick-up or delivery location within a business establishment when only a portion of the contents are being removed or delivered.

Computation of the Long Carry distance shall NOT include elevator or stair distance for which other charges apply. Computation SHALL include outside sidewalk and walkways, inside hallways, corridors and other areas to or from the pick-up or delivery location.
