TARIFF 1-U

SECTION 1
RULES AND OTHER GOVERNING PROVISIONS

ITEM 1 GOVERNING PUBLICATIONS

This tariff is governed, except as otherwise provided herein, by the following publications, supplements thereto, or reissues thereof:

MILEAGE GUIDE NO 2-D, MF-IL CC No 288 (to the extent indicated in Rule 9 of IMTBI Tariff 14-G, MF-IL CC 272), issued by Illinois Movers Tariff Bureau, Inc., Agent;

PARTICIPATING CARRIER AND SCOPE OF OPERATING RIGHTS TARIFF 10-G, MF-IL CC 287, issued by Illinois Movers Tariff Bureau, Inc., Agent;

RULES AND REGULATIONS TARIFF 14-G, MF-IL CC 272, issued by Illinois Movers Tariff Bureau, Inc., Agent.

ITEM 2 DEFINITIONS

The term "Holiday" as used herein shall mean the following days will be considered as Holidays:

New Year's Day	January 1st
Memorial Day	last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Thanksgiving Day	4th Thursday in November
Christmas Day	December 25th

ITEM 5 COMMODITY DESCRIPTION

The term "household goods", as used in connection with transportation, means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is:

- a) arranged and paid for by the householder, including transportation of property from a factory or store when the property is purchased by the householder with intent to use in his or her dwelling, or
- b) arranged and paid for by another party.

ITEM 6 VALUATION CHARGES

Valuation charges provided in this Item will apply unless shipper expressly releases the shipment to a value not exceeding 30 cents per pound per article.

- a) On shipments declared or deemed released to a value equal to or exceeding \$2.00 times the actual total shipment weight in pounds, the following valuation charge will apply: 50 cents per each \$100.00 or fraction thereof, of released or declared value.
- b) On shipments or portions thereof which also involve Storage-In-Transit, the following additional valuation charge will apply: For each storage period of 30 days or fraction thereof, the additional valuation rate of 10% of the applicable Storage-In-Transit rate provided for in Item 115.

NOTE 1: If the shipper wishes to avoid these additional charges, he must agree that if any articles are lost or damaged, the carrier's liability will not exceed 30 cents per pound for the actual weight for any lost or damaged article(s) in the shipment.

NOTE 2: Refer to individual carrier pages for any exceptions to this Item.

ITEM 7 MINIMUM PROVISIONS

Applicable minimum provisions named in this tariff concerning time, weight or mileage may be assessed only when carrier, prior to transporting the shipment, has notified the shipper in writing as to the application of such minimum provisions.

ITEM 8 SHORT HAUL ("LOCAL") INVENTORY

When requested by shipper, carrier will prepare an inventory for a short haul shipment, subject to the following:

CW

- a) Shipper must indicate on the bill of lading that a local inventory is requested;
- b) Carrier must notify shipper how the cost of said inventory will be determined, prior to performing the inventory;
- c) Charges for performing a local inventory on a regulated short haul shipment (see Item 10) will be considered as part of the time consumed in loading the shipment and will be subject to the applicable hourly rates named in Section 2 (Short Haul Rates).

CW

CW

CW

ITEM 9**COLLECTION OF CHARGES****(For informational purposes only)**

▲ **NOTE 1 - PAYMENT** The carrier will not deliver or relinquish possession of any property transported by it until all applicable rates and charges thereon have been paid in cash, money order or certified check, except where other arrangements have been made in accordance with the rules and regulations of the Commission. Rates and charges are stated in lawful money of the United States of America. Payment of all charges must be made in funds of the United States of America. When applicable rates and charges are not paid within 30 calendar days of submission of the bill by carrier, a carrying charge of 1.5% per month or fraction thereof on the unpaid balance shall be applied. ▲ Any subsequent debts incurred by the carrier for unpaid bills which are litigated or placed for collection with a collection agency, an attorney, or other authorized agent will also be assessed.

NOTE 2 - CREDIT CARDS When use of a credit card is requested by the party responsible for payment of charges, a fee not to exceed the carrier's cost of acceptance provided by the credit card processor may be added to the moving charges. Notation of the amount to be added to the moving charges will be made on the carrier's estimate, freight bill, and bill of lading. Carrier will support the basis for this amount with an applicable document from the credit card issuer. A separate document verifying the agreement to pay this added fee will be signed and dated by both the carrier and the party responsible for payment. If the party responsible for payment does not wish to pay the added fee for use of a credit card, then payment for moving charges must be made in cash, cashier's check, or money order, or other form of payment agreed to by the carrier in writing in advance of the move. To avoid discrimination in pricing, as required by law, if carrier elects to charge a fee for use of a credit card, all its customers must be billed accordingly.

ITEM 10**APPLICATION OF TARIFF**

- 1) Except for shipments transported wholly within Cook County, rates, rules and regulations named in this publication will NOT apply on shipments moving wholly between points within the "Terminal area" of any incorporated city, village or municipality, as defined in Section 18C-1104 of the Illinois Commercial Transportation Law.
 - a) **DEFINITION:** "Terminal Area" means the area (whether incorporated or unincorporated) within 10 air miles of the corporate limits of the base city, village, municipality or community center, including all of any city, village or municipality which lies within such area.
 - b) **DISCLAIMER:** Rates, charges, rules and provisions of this publication applying on traffic moving wholly within the exempt area as defined in paragraph a) are published for informational purposes only. Such traffic is not subject to rate regulation by the Illinois Commerce Commission.
- 2) The rates named in this tariff apply only on shipments released at a value not exceeding 30 cents per pound per article (see Item 6 for rates to apply on shipments released at a value exceeding 30 cents per pound per article).
- 3) Except as otherwise provided for in Rule 17 (Storage-In-Transit) of IMTBI Tariff 14-G, (see Item 1 herein), when service is performed the applicable rate or charge to be assessed will be the rate or charge in effect on the day the service is performed.

ITEM 12 NON-APPLICATION OF MILEAGE GUIDE

Mileage Guide 2-D (MF-IL CC 288, referred to in Item 1), will not apply on determining mileage on shipments moving wholly within the Chicago Terminal Area (as defined in Section 18C-1104 of the Illinois Commercial Transportation Law). Mileage from and to points and places within the above described area will be the actual miles traveled as recorded on the vehicle's odometer from point or place of origin to point or place of destination, over the shortest available route.

NOTE: Departure from Tariff Circular Rule 12(a) authorized; IL CC Permission MF-1532.

TARIFF 1-U**SECTION 2
SHORT HAUL RATES****ITEM 13 APPLICATION OF SHORT HAUL RATES**

1. Short haul rates named in this Section apply only when:
 - a) the distance from the point of origin to the final destination of a shipment is not more than 35 miles; or
 - b) both the point of origin and the final destination of a shipment are within the area covered by the counties of Cook, DuPage, Kane, Kendall, Lake, McHenry and Will.
2. Rates named in this Section do NOT apply on shipments to or from storage for the account of those carriers who participate in Item 300.
3. Rates in this Section apply ONLY on shipments released at a value not exceeding 30 cents per pound per article. (See Item 6 for rates to apply on shipments released at a value exceeding 30 cents per pound per article.)
4. When transporting shipments subject to hourly rates, carrier will make the best practicable effort to determine the number of men and the size and number of vehicles appropriate to provide safe and timely transportation services for the shipment and its particular circumstances. If carrier deviates from its original determination (original written estimate) of men and equipment needs, the shipper shall not be charged for any excess in charges resulting therefrom unless the shipper is informed and agrees thereto in writing. A notation shall be placed on the bill of lading indicating the number of men and vehicles initially estimated and the number actually furnished and used for the move. CW
5. Except as otherwise provided in this paragraph, shipments rated upon units of time shall be transported singly and not commingled with any other freight. If shipments rated upon units of time are commingled, the burden shall be on the carrier to demonstrate that the freight charges for each shipment are not greater than the charges would be for each shipment transported singly. CW
6. Hourly rates, travel time provisions and minimum charge provisions named in Section 2 apply for each man and each vehicle used to complete a move. If a move requires more than one day, these hourly rates, travel time provisions and minimum charge provisions will apply separately for each man and each vehicle used each day. CW
7. Rates and charges named in Section 2 apply only to the extent that specific reference is made for particular carriers in Section 4.
8. All hourly rates are computed to the next quarter hour.
- * 9. *Refer to individual carrier pages for selected Schedules and any exceptions.*

ITEM 14 TIME ASSESSMENT CHARGES

(CONTINUED NEXT PAGE)

SAILBOAT <i>14 feet and over in length</i>	125
TRAILER, POP-UP, <i>9 feet and over in length</i>	150
TRAVEL CAMPER TRAILER, MINI-MOBILE HOME, HORSE TRAILER (<i>other than utility and pop-up trailer</i>)	300

NOTE 1: This weight additive will NOT apply to boats, canoes, skiffs, light rowboats, kayaks or sailboats of less than 14 feet in length, nor on dinghies or sculls of any size.

NOTE 2: When shipment contains two or more articles subject to the weight additive, the total weight additives for that shipment will be the sum of the individual additives for each bulky article calculated separately.

NOTE 3: In determining length for a bulky article listed above, all fractions of a foot will be disregarded.

NOTE 4: The length of boats, canoes, skiffs, light rowboats, kayaks or sailboats shall be determined by the straight center line distance between the top center point of the transom and a point perpendicular with the foremost part of the bow. Manufacturer's "length overall" or "center line length" shall apply as the correct length in lieu of physical measurement by carrier.

CW

NOTE 5: The length of boat trailers shall be the straight center line distance from a point equal to the rearmost part of the trailer to foremost part of the trailer tongue. Manufacturer's "length overall" shall apply as the correct length in lieu of physical measurement by carrier.

CW

NOTE 6: To determine the cubic feet of an article, measure the greatest height, width and depth. Fractions of a foot will be disposed of as follows: 6 inches or more will be increased to one foot. Less than 6 inches will be dropped. Example: Article's greatest measurements are 9 feet 2 inches by 3 feet 6 inches by 5 feet 9 inches. Multiply 9 feet times 4 feet, times 6 feet = 216 cubic feet.

NOTE 7: The charges provided for in this Item will NOT apply when shipper orders Exclusive Use of Vehicle under Rule 5-c of IMTBI Tariff 14-G (see Item 1 herein).

ITEM 78 ELEVATOR, STAIR AND LONG CARRY

(CONTINUED NEXT PAGE)

NOTE 1: Elevator and Inside Stair Carry charges will not apply when pick-up or delivery is within a single family dwelling.

NOTE 2: When rates are stated per 100 pounds, charges will be based on actual weight of the shipment (i.e., NO weight additive weight), except as follows:

CW

a) When **portions** of the shipment are picked up or delivered at more than one place, or picked up or delivered at other than ground floor, applicable charges will be based on the actual weight of the shipment portion (refer to IMTBI Tariff 14-G, see Item 1 herein)

CW

b) When an **automobile** is included in a shipment with other personal effects, the weight of the automobile will be deducted when determining applicable charges for this Item.

NOTE 3: When two or more elevators providing parallel service are used, charges will apply per shipment, NOT per elevator.

NOTE 4: Where an elevator is used and shipment must then be transferred to a second elevator or carried one or more flights, charges will be made once for the first elevator and again for each additional elevator or stair carry service.

NOTE 5: When stairs and elevator are both available, charge will be based on the method that results in the lower cost to the shipper.

NOTE 6: Inside a building, the first flight shall consist of at least 8 steps. Additional flights shall be defined as the number of complete floors above or below the first flight.

CW

NOTE 7: Outside a building, the following shall constitute outside stair flights:

a) 8 to 16 steps - 1 flight;

b) Each additional flight shall consist of 16 steps or fraction thereof.

NOTE 8: **DEFINITION:** A **Long Carry** means each carry of 50 feet or fraction thereof beyond the first carry of 75 feet from or to the carrier's vehicle and:

CW

a) the outside entrance door of a single family dwelling or business establishment when the entire contents of the building are being removed or delivered, *OR*

b) the inside entrance door of an individual's apartment, multiple dwelling or office within a building, *OR*

c) pick-up or delivery location within a business establishment when only a portion of the contents are being removed or delivered.

Computation of the Long Carry distance shall NOT include elevator or stair distance for which other charges apply. Computation SHALL include outside sidewalk and walkways, inside hallways, corridors and other areas to or from the pick-up or delivery location.

ITEM 78 ELEVATOR, STAIR AND LONG CARRY

(CONCLUDED THIS PAGE)

NOTE 9: Rates in this Item are in dollars and cents.

NOTE 10: Rates for elevator, stair and long carry charges in Schedules 1 through 12 are per each 100 pounds. CW

NOTE 11: Shipments moving under the provisions of this Item are subject to a MINIMUM CHARGE per shipment. This minimum charge will apply each time the service is provided at a pick-up or delivery location. CW

NOTE 12: When a piano and/or organ is included in a shipment, the handling charge for pianos and organs provided in Item 75 will be in addition to the applicable charges in this Item.

* NOTE 13: Refer to individual carrier pages for selected Schedules and any exceptions.

ITEM 116 RETENTION ON VAN * ▲

When requested by shipper, carrier may permit a shipment, or portions thereof, to remain on its vehicle temporarily prior to delivery subject to the following conditions:

- 1) Shipper must confirm his request to carrier in writing.
- 2) The shipment must not be retained on the carrier's vehicle for more than five (5) days.
- 3) Shipper must agree to provide carrier with written instructions as to where to deliver the shipment if after five days the original destination is unable to accept delivery of the shipment. Instructions must include the complete address of the new destination to one of the following:
 - a) If delivery is to a self-storage facility, the owner of the goods (shipper) must have possession of the key and access to the self-storage facility, and the name of the owner/shipper must appear on the storage contract. The goods may NOT be stored in a self-storage facility rented in the mover's name, or in the name of any person affiliated with the moving company. OR
 - b) If delivery is to a commercial (full-service) warehouse, the warehouse must be licensed by the Illinois Commerce Commission as required by the Illinois Personal Property Storage Act, and a warehouse receipt/storage contract must be completed as required by Ill.C.C. regulations. OR
 - c) A destination identified by the owner of the goods (shipper) except those identified in a) or b) above.
- 4) Charges shall commence the day the shipment is retained on carrier's vehicle and shall include the last day the shipment is retained on carrier's vehicle.

NOTE 1: Rates in this Item are in dollars and cents and apply per vehicle per day.

WEIGHT - MILEAGE RATES**ITEM 125****WEIGHT-MILEAGE APPLICATION**

Note 1: Rates named in this Section are per 100 pounds applied to actual weight (subject to Rules 5, 17 and 25 of IMTBI Rules Tariff 14-G - see Item 1 herein), and include loading and unloading and the actual movement or transportation of property from origin to destination, but do NOT include Additional Services and charges shown in Section 3.

Note 2: BREAK POINT indicates the weight at which a lower charge develops by use of the lowest weight and corresponding rate in the next higher weight bracket. (See Rule 24 of IMTBI Rules Tariff 14-G, see Item 1 herein).

Note 3: Rates named in this Section apply on all shipments from and to all Illinois points EXCEPT:

- a) when the distance from the point of origin to the final destination of a shipment is not more than 35 miles; or
- b) when both the point of origin and the final destination of a shipment are within the area covered by the counties of Cook, DuPage, Kane, Kendall, Lake, McHenry and Will.

Note 4: Rates named in this Section apply on pick-up or delivery of storage-in-transit shipments as provided in Rule 17 of IMTBI Tariff 14-G (see Item 1 herein).

Note 5: Rates named in this Section apply on pick-up or delivery of permanent storage shipments when points are NOT within the same municipality or within a distance of 35 miles or less, or within the area covered by the counties of Cook, DuPage, Kane, Kandall, Lake, McHenry and Will.

GLOSSARY

Base Point	The mover's physical location; that point from which a rate exempt area may be calculated.
Bill of Lading	"Lading" in this expression simply means "loading". The "bill" part refers not to the modern meaning of bill as a statement of money owed, but to a written, formal and sealed document. "Bill", in fact, is derived from the Latin "bulla" for seal. Today a bill of lading is a "written receipt given by a carrier for goods accepted for transportation". None are as poetic as the old bills of lading, which ended with the prayer "And so God bring the good ship to her desired port in safety". Because "bill" meant an "official paper", it came to be applied to paper currency in late 16th century England. "Lading" comes from the Old English "laden", meaning load, burden, something carried.
Bulky	An article that by its physical shape, size and/or weight, requires special handling and/or preparation for transportation.
Consignee	The customer's agent or representative responsible for accepting delivery of the shipment.
Declared Value	The stated amount of value that is placed on the property or cargo, which must be equal to or greater than \$2.00 times the actual weight of the shipment.
Diesel	German mechanical engineer Dr Rudolph Diesel developed the heavy-duty internal combustion engine bearing his name in 1892 at a factory in Essen, Germany and spent the rest of his life perfecting it and manufacturing diesel engines. Diesel became rich and famous as a result of his invention, yet it is believed that he committed suicide in 1913 when he was only 55 by jumping overboard while crossing the English Channel.
Dispatch	From the Italian "dispacciare" - "to send off, hasten" around 1517. This word was formed from "dis" which meant "do not" and "pacciare" which meant "impede", trouble, stop".
Drayage	A short-distance hauling; cartage; warehouse pick-up or delivery. From the Old English "dragan", meaning "sleigh, sled, cart fixed on runners" used to pull heavy loads for short distances. This practice did not become commercialized until it reached America in the 1700s.
Estimate	From the Latin "aestimare" - "to value, to esteem, to appraise". Used as early as 1589 with a judgement in respect to the character or qualities of a person or thing. The sense of "calculate approximately" was first used in England in 1669.
Expedite	The Latin word "expedire", the ancestor of "expedite" derives from the name of Saint Expeditus, a soldier in the Roman Army before being martyred at Melitene, Armenia, in the fourth century. St Expeditus was the advocate of urgent causes. "Expedire" means "to free a person's feet ("ped") from fetters, to help forward, to send off".
Flight	An inside flight of stairs consists of at least 8 steps. Additional inside flights are the number of complete floors above or below the first flight. An outside flight of stairs consists of at least 8 steps and not more than 16 steps. Each additional outside flight consists of 16 steps or fraction thereof.
Illinois	This "Prairie State" is named for the group of six Indian tribes in the area. Frenchmen were the first Europeans to enter this territory in 1673. They took the Indian name "Ileni", meaning "man", and since there were multiple tribes, added the french plural ending of "ois" to make "Ilenois" (pronounced "eel-ee-nwah" back then!) There were about 8000 Ileni Indians in the 17th century and only an estimated 200 exist today.

Insurance	A certificate or contract that binds a company to compensate an insured party against a specific loss in return for premiums that were paid. A mover can acquire liability insurance for a customer from a third party (this is usually called "trip transit insurance"). A policy or certificate or other written record must be furnished to the customer.
LB (Pound)	Why "LB" stands for a word that has neither of those two letters is because it's actually an abbreviation of the Latin word "libra" in the phrase "libra pondo" - "a pound by weight", standing for 12 ounces.
Linehaul	"Line" in this word originally stood for the Line of Travel between two points. "Haul" was tacked on the end when those lines were used for commercial pickups and deliveries. The combined word Linehaul became synonymous with the monies earned by hauling commodities along these Lines. Linehaul is an American word - it was also called Longhaul, as the lines were usually long distances.
Long Carry	Formerly called "Excessive Distance". A long carry is each 50 feet (or fraction thereof) beyond the first 75 feet from or to the carrier's vehicle and the location of the shipment items (including sidewalks, hallways, corridors, etc).
Minimum Released Value	This is the least amount of "protection" that a customer can have on property or cargo that is being shipped, and it is available at no additional charge. In the case of household goods (Illinois intrastate shipments), when there is loss or damage, the shipper would be reimbursed based on an amount equal to 30 cents per pound per article.
Non-Peak	Any calendar period with "normal" market activity.
Peak	A calendar period synonymous with the "busy season". Higher rates may be charged during a period due to market demands. A peak ("busy") period may be several months, or particular weekends, or particular days of the month.
Shuttle	Formerly called "Auxiliary Service". A shuttle vehicle is smaller than a tractor-trailer, used to transport items from a dwelling to a tractor-trailer (or vice versa) when a tractor-trailer cannot gain proximity to the dwelling due to narrow street, low overhang, bridge or other constraint. This word comes from the Middle English word "Schutylle", used in the weaving trade - it literally meant "shot to and fro along with the weaving thread".
Tare	From the Medieval Latin "tara" meaning "deduction" and later evolving from the French "tare", meaning "wastage in goods, deficiency, goods rejected", this word now means No Goods At All, or Empty Weight, Light Weight.
Tariff	This word comes from the Arabic word "ta'rif" coming from "arafa", "to notify, to make known, to inform, to publish". It appeared in the 1500s as an arithmetic table which developed into a book of rates or prices. The English spelling "tariff" is first recorded about 1700.
Tractor	From the Latin "Tractus" derived from "Trahere", to pull"
Trailer	From the French "Trailler", meaning to bring along behind
Valuation	The assessed value or price of an article; the value of property as stated and agreed upon by the customer prior to releasing the shipment. Valuation is NOT considered insurance.
Warehouse	"Ware" is an Old English word meaning "Watchful Care", "What is kept safe". "House" comes from the Germanic "Haus", meaning "to cover, to shield".
Weight Additive	Certain large articles that have a low density factor and occupy more cubic space than normal have a weight additive calculated in addition to the actual net weight of the article. This is to compensate for the amount of "lost space" in the shipment load.
